Mission Statement

M3Vision is your window to effortless asset management, combining full visibility with the most user-friendly, all-in-one system for managing all property maintenance

What is M3Vision

The first database of it's kind that truly allows you to know your assets

All in one Hub, with everything you need for asset management all in one place
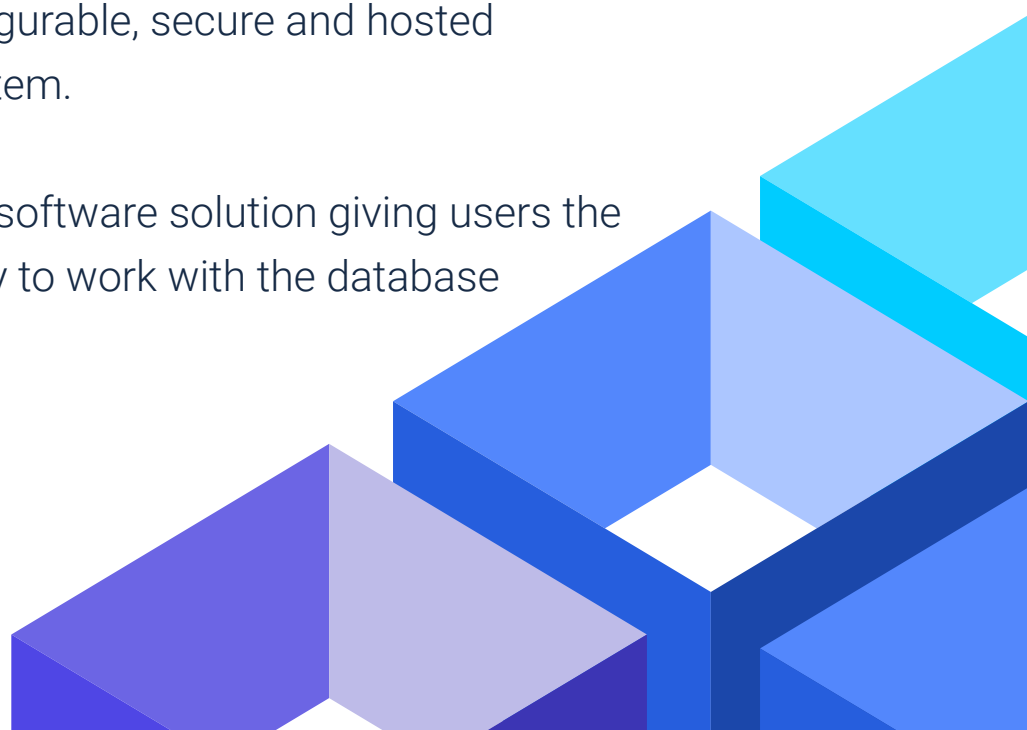

Built around the M3NHF Schedule of Rates, to combine responsive & planned works, with easy access to benchmarking and audit capability.

Fully user configurable, secure and hosted web-based system.

An easy to use software solution giving users the full functionality to work with the database independently

Functionality

Awaabs Law compliant

Full HHSRS with remediation

Live Decent Homes position

Great photo functionality inc. historic records

Configurable data type options

Unique scores to summarise property condition
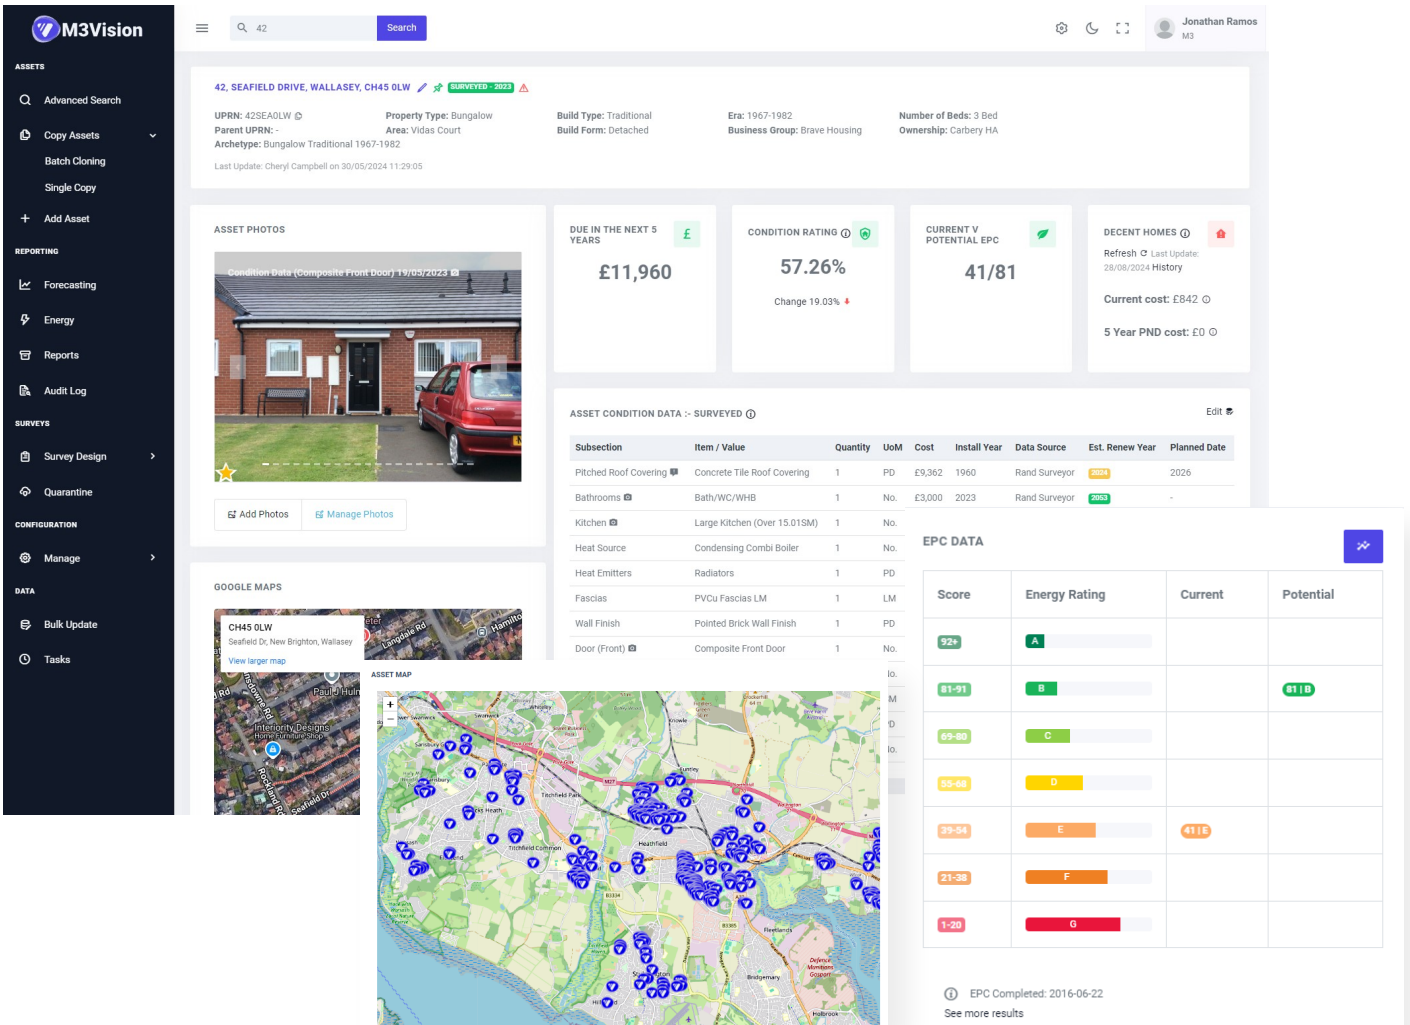

EPC results directly from .GOV

M3Vision Mobile for onsite use

Seamless integration inc. Sava's Intelligent Energy

M3Vision web application

M3Vision is a hosted solution accessed through any modern web browser. Technically M3Vision is a .NET 5 application utilising Blazor WebAssembly.
M3 is ISO 9001, 27001 and 14001 certified.
