

Pamwin Plus

Rewrite Project

Update - approach

Two-phased approach to run concurrently

Use lite as blueprint for online appraisal – this year...

Full rewrite of main system – after this year...

Update - approach

Phase 1 – Lite as blueprint for online

EASA

Web-based with security

Possible integration with existing system(s)

Phase 2 (concurrent)

- Ability to Define Reports and financial model In Excel
- Configurable enough to replace Pamwin Lite
- Modular
- Licenced By Usage
- Configurability Determined By Licence
- Free Trial Of System

Phase 2 (concurrent)

- Flexibility retained and improved
- Formulating data structures and interactions
- User Stories
- Working group to meet autumn 2024

Phase 2 (concurrent)

- Flexibility retained and improved
- Formulating data structures and interactions
- User Stories
- Working group to meet autumn 2024
